

FREE WEBINAR

07/16/2009

THURSDAY, 10:00 AM – 11:00 AM PDT

Learn about the **Northwest Energy Management System Pilot** program from the experts. Find out:

- Why you should participate in the pilot
- How companies will be selected to participate
- Why mentoring delivers results
- How the pilot embeds energy management in your facility

ATTEND

Type in this link to register for the webinar and receive participation instructions: <https://www1.gotomeeting.com/register/227925425>

Visit energyimprovement.org to: download a **brochure** with more information about the pilot, review **FAQs** about the pilot, and download an **application** to participate in the pilot.

NORTHWEST ENERGY MANAGEMENT SYSTEM PILOT

5–8 MOTIVATED FACILITIES WILL:

- Reduce energy expenses
- Decrease energy intensity
- Improve operational efficiency
- Improve operations and maintenance
- Increase ROI on energy projects
- Permanently embed energy management into their operations

RETURN ADDRESS

JULY 16TH WEBINAR

To find out how your facility can be part of
